

2018
Travel
Trailers

Inspiring adventure for more than 85 years.

In 1931, Airstream began with a dream to create lightweight travel trailers that slipped cleanly through the wind. And with it was born another dream, one of new freedoms, new places, new experiences, and new friendships. It was a dream so powerful and so enduring that it did far more than create a new way to travel; it created a way of life shared by thousands upon thousands of families.

This latest fleet of Airstream Travel Trailers continues the tradition of extraordinary design and hand-crafted quality that has made Airstream world famous. Following our founder Wally Byam's credo, "Let's not make changes, let's make only improvements," this fleet offers the latest technology advancements and conveniences in a way that is distinctly Airstream. With travel trailers perfect for everyone from first-timers to seasoned Airstreamers, you're sure to find one ideal for the adventure that awaits you around the next bend!

Bob Wheeler
President & CEO
Airstream, Inc.

The 2018 Airstream Travel Trailer Line

		• Cognac Maple: Chestnut Ultraleather®				

Aerodynamics and Ease of Towing

Higher Towing MPG*

The aerodynamic design of Airstream trailers contributes up to a 20% advantage in towing efficiency over standard travel trailers.

Lightweight. Streamlined. Fuel efficient.

One part rocket science, two parts common sense. From the beginning, Wally Byam understood the importance of making his Airstream travel trailers easy to tow. After all, Airstreamers are always ready for their next adventure. A rounded, low-profile shape, paired with strong yet lightweight aluminum, was the trademark of the iconic trailers that have become an American cultural legend. Today, true to form, the fuel-efficient trailers are nimble and stable on the road, just as they were when they first graced the open road, long ago.

Superior crosswind deflection and lower center of gravity promote far better stability than other travel trailers.

*Actual mileage may vary due to load, driving style, driving conditions and tow vehicle.

Low Center of Gravity

A uniquely engineered chassis, rubber torsion axle and undermounted holding tanks keep weight below the floor of the trailer, providing a very low center of gravity for greater stability and a smoother ride during towing.

Smooth. Strong. Stable.

It's no surprise Airstream travel trailers are so beloved. Airstream's iconic and patented aerodynamic shape is just the beginning of the story. Its unique chassis and axle design create a low center of gravity. Confident, smooth towing – physics in action. Every Airstream is hand-built with painstaking attention to detail. In over 80 years of practice, we've put over 100,000 on the road. Every one, a work of art. Every one, a feat of engineering.

Watch video about towing an Airstream.

Durability and Comfort

For our full GREEN story,
go to www.airstream.com.

Semi-Monocoque Construction

Built with integrity.

You don't get a reputation as the finest in land travel without reason: they're simply built the right way. Superior structural integrity is a result of its semi-monocoque construction, similar to that of an airplane. The result is a durable, lightweight travel trailer. The aluminum skin, riveted to a solid frame, gives the Airstream its timeless shape and unimpeachable strength.

Quietstream™ Climate Control

Quiet as a whisper.

Airstream isn't just the most streamlined travel trailer in the world. With ducted climate control, sleekly-integrated ceiling vents throughout the Airstream add comfort without taking anything away from the interior. Beginning with our 2016 travel trailer line, Quietstream™ now comes standard on every floor plan in every length of the Flying Cloud, International Series, Eddie Bauer, Classic, and Land Yacht. The reduction in noise is phenomenal, adding to an already exemplary road travel experience.

Watch a video about Quietstream™

Improve your weekend, the rest of your life will follow.

Whether you're looking to reconnect with the outdoors or simply keep a good thing going, the Airstream Sport is your silver, two-wheeled escape pod to the outside world. It's everything you love about Airstream – the design, the quality, the thoughtfulness and overall experience – boiled down to its purest form.

Deceptively spacious, easy to handle and startlingly well-equipped for a trailer of its size, the Sport will get you out there more often and in greater comfort than ever.

Wake up in a dream.

No matter what configuration, the Airstream Flying Cloud is a dream written in metal, wood and glass. You see it from the perfectly riveted aluminum, to the gleaming cabinetry, to the windows – which are everywhere. Whether you're lounging on one of the couches or spending a late morning in bed, you can choose between a panoramic view bathed in natural light – or draw the blinds to spend the day in cozy seclusion.

CLASSIC

Where Silver goes Platinum.

At Airstream, we love high standards. After all, that's how we became who we are today. If you're anything like we are, then you've wondered just how far you can take the concept of absolute luxury. The answer? The Airstream Classic. Our longest running model shows that it can defy expectations for decades without ever resting on its laurels.

Explore the Classic online.

The Airstream Glossary

Fresh Water – Onboard fresh water storage for when you're not hooked up to a campsite source.

Gray Water – All wastewater that comes from your sinks, showers, and baths.

Black Water – Basically a nicer term for sewage. It's the wastewater from your toilet system.

Deep Cycle Battery – A heavy-duty steady-current battery which powers the Airstream's electrical systems.

Hitch Weight – The downward force on the tow vehicle's hitch. Your tow vehicle and hitch ratings must exceed this.

LP - Liquid propane which fuels many of the onboard appliances.

S'more – The best camping dessert ever conceived.

GVWR (Gross Vehicle Weight Rating) – Maximum weight of the trailer, cargo and liquids. Your tow vehicle's tow rating should exceed the GVWR.

UBW (Unit Base Weight) – The weight of the Airstream, without cargo, water or options.

NCC (Net Carrying Capacity) – Maximum amount of weight in the form of cargo and water.

$NCC = GVWR - UBW$

24/7 Roadside Assistance

Airstream is proud to offer free 24/7 assistance on all new Travel Trailers provided by Coach-Net Membership Plans. This two year service covers both your Airstream Travel Trailer and tow vehicle that is attached to your trailer. Not only does this service provide emergency roadside service should you have a breakdown, but Coach-Net membership plans also provide technical service for your Airstream after hours should you have any questions.

Please contact your local Airstream Dealer for more information.

RV Membership Plans

The Airstream Warranty

At Airstream, we understand the importance of warranty coverage for each travel trailer. Airstream is committed to our company-wide program for continuous quality improvement. We are further committed to using products that conform to all established safety standards, requirements and the reasonable expectations of our customers.

This commitment is backed by our two-year limited warranty.

Limited Warranty

Travel Trailer	Two years; limited, transferable
Structural	Two years; limited

adventure, inspired by
AIRSTREAM

It's Time To Live Riveted.

Airstreams are built to go places — to withstand the test of time with enduring quality, design and integrity. Since the first Airstream was riveted together in 1932, we've helped our customers explore a world of new experiences in comfort and luxury. This journey can take you anywhere, but there's only one way to get there — in an Airstream of your own.

 Find your dealer and find your Airstream.

The Airstream Travel Trailer Fleet

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in other countries.

Warning — This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions. Do not overload the travel trailer.
