 **AIRSTREAM**

About **AIRSTREAM**[®]

Exact craftsmanship. Uncompromising attention to detail. Limitless inspiration for adventure.

There is no denying that Airstream is the world's most iconic travel trailer for a reason. Durable, reliable, and built upon nearly 90 years of innovation, Airstream travel trailers helped write the American travel story. We've crisscrossed the globe, parked at the foot of the Pyramids, explored the National Parks, and camped for the weekend down the road.

Proudly built by hand in Jackson Center, Ohio, USA by hundreds of talented craftspeople, each Airstream travel trailer takes approximately 350 hours to build. Form and function are tightly woven into every thoughtfully-planned inch, and every design is carefully considered. The result is a travel trailer that will last a lifetime – or more.

While we manufacture every Airstream from the wheels up, we like to say that we don't actually build travel trailers. Instead, we build someone's retirement, their well-deserved vacation, or their retreat from a hectic day.

In other words: Airstream builds dreams come true.

(NEST)

About (NEST)

This fiberglass escape pod with its bold automotive styling is purposefully designed to be different. Built for quick and easy retreats, the sophisticated and convenient Nest by Airstream is all about getting away and letting go at the same time. Its refreshing, contemporary interior design with seamless vinyl flooring, handcrafted cabinetry, and soft-touch panels and walls create a stunning backdrop for curling up with a great book or preparing for a walk in the woods. Easy to set up and maintain, the lightweight Nest is the perfect trailer for your next chill get away.

1

Stowable Table

Add extra prep or dining space with a removable table that conveniently stows away when it's not in use.

2

Convertible Dinette

The roomy U-shaped dinette gives you plenty of space to enjoy every meal. And when it's time to turn in for the night, simply convert the bench seating into a comfy bed.

3

Blinds & Blackout Curtains

Oceanair blinds on the entry door's window pull open or closed, and blackout curtains throughout the interior provide complete privacy.

4

Clever Storage

Overhead compartments, a closet, and more clever storage options make use of every inch inside Nest.

5 Kitchen

With a microwave, a two-burner stove, a large stainless steel sink, and a refrigerator, Nest's kitchen has everything you need to whip up anything from a light snack to a full gourmet meal. The 3D laminate countertops add style, and smart storage makes organization a breeze.

6 Bright, Airy Spaces

There's always a stunning backdrop and plenty of natural light with 8 windows, including a front panoramic window that wraps around the front of the trailer.

RELAX. REFOCUS. RECHARGE.

The benefits of a time away can't be ignored – and you don't have to travel for a year to relax, refocus, and even recharge. Sometimes a few days away can make all the difference. Use the time for relationships and reflection. From a weekend in wine country, to hiking in your favorite National Park, to sleeping in

by the lake, Nest will take you anywhere you want to go without ever sacrificing the comforts of home. You work hard every day so when you are in the Nest you don't have to.

1 Full Wet Bath
Bathroom houses the shower, sink and toilet all in the same waterproof area.

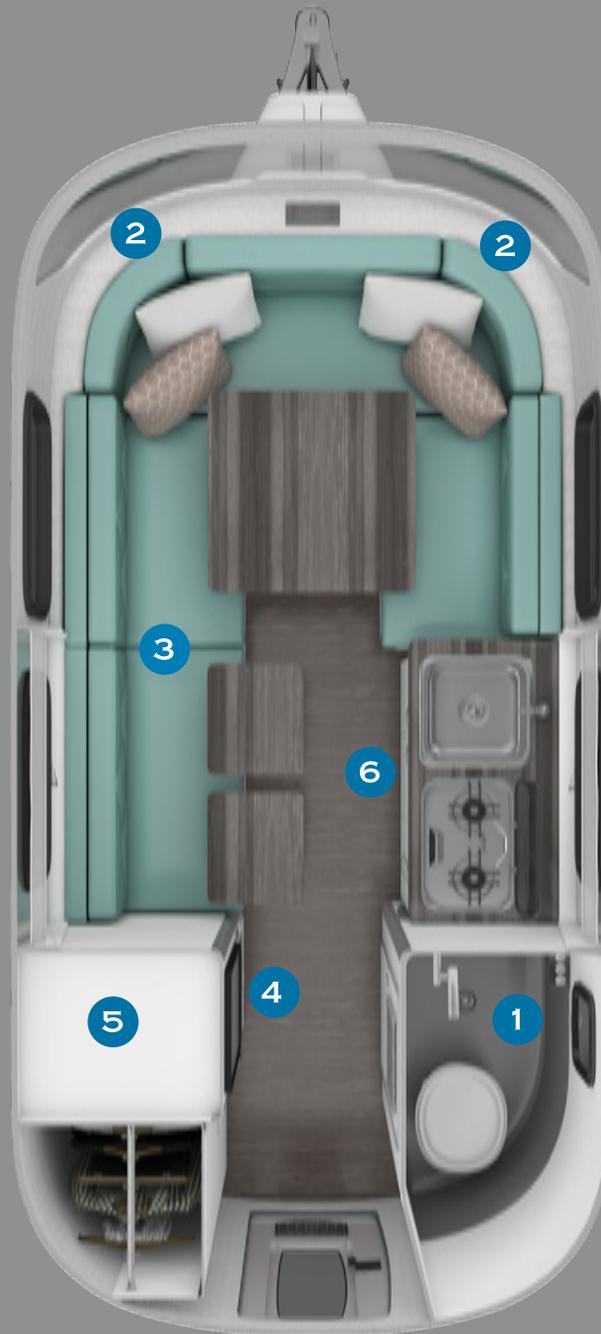

2 Charging Stations
Keep all your tech charged with USB ports around the bed and a pop-up charging station in the kitchen.

3 Superior Seating
The Spradling® Dolce stain-resistance seating surfaces are as easy to clean as they are comfortable and attractive.

4 A/C & Furnace
Stay comfortable with this efficient combo unit.

5 All-electric Refrigerator
The refrigerator runs off of battery power, which helps it get cold quickly and efficiently, and stay cool throughout your trip.

6 High-Quality Cabinetry
The handcrafted Italian Lite-Ply® cabinets are made of premium soft white laminate that's both fingerprint- and stain-resistant.

PURPOSEFULLY DESIGNED.

The Nest is big on amenities and innovation. With loads of storage and a spacious wet bath, Nest is the right balance of traveling with the conveniences of home while leaving the work behind. With a full kitchen with cooktop, refrigerator, and plush mattress, the Nest may just be the opposite of roughing it. Plus, its precision built, lightweight, fiberglass body is both easy on the eyes and easy-to-tow. Although Nest was purposefully

designed to look different, it shares the same fundamental qualities that make Airstream such an enduring brand: the exacting craftsmanship, the painstaking attention to detail, the undeniable spirit of adventure. We craft each Nest by hand, carefully assembling every piece in our Jackson Center, Ohio, factory. It's not a fast process and it wasn't easy putting that much awesomeness in a small space. But, we think you are worth it.

1

Easy to Tow

Nest's compact, lightweight and aerodynamic design is easily towable with a variety of mid-size SUVs.

2

Structural Integrity

Nest is built with a strong semi-monocoque molded fiberglass superstructure and finished with a sleek two-tone marine grade gel coat.

3

Solar Pre-Wire

Pre-installed wiring makes it easy to connect solar panels to your Nest, so you can stay off grid for longer.

4

Powered Patio Awning

The patio awning creates extra outdoor living space for you to enjoy with the press of a button – even after dark, thanks to the LED light strip that comes with it.

5

Perfectly Balanced

The spare tire is mounted under the chassis in the front and the water tanks are located between the axles which evenly distributes weight and makes for a stable towing experience.

6

Seamless Nose Cone

The custom molded round nose cone houses the batteries, solar panel input, propane tank, and LP low pressure gas grill connection.

7

Premium Wheels

Travel confidently and in style with factory balanced Goodyear 16-inch tires and aluminum wheels.

8

Stabilizers

Four manual stabilizer jacks around the travel trailer ensure stability while moving around inside the cabin.
