adventure, inspired by

AIRSTREAM

2017 Travel Trailers

Inspiring adventure for more than 85 years.

In 1931, Airstream began with a dream: to create lightweight travel trailers that slipped cleanly through the wind. And with it was born another dream, one of new freedoms, new places, new experiences, and new friendships. It was a dream so powerful and enduring that it did far more than create a new way to travel; it created a way of life shared by thousands upon thousands of families.

This latest fleet of Airstream Travel Trailers continues the tradition of extraordinary design and hand-crafted quality that has made Airstream world famous. Following our founder Wally Byam's credo, "Let's not make changes, let's make only improvements," this fleet offers the latest technology advancements and conveniences in a way that is distinctly Airstream. With travel trailers perfect for everyone from first-timers to seasoned Airstreamers, you're sure to find one ideal for the adventure that awaits you around the next bend!

Bob Wheeler
President & CEO
Airstream, Inc.

Live Riveted

Dream. Travel. Explore. Live.

Living riveted is about discovery. Not just of new places and spaces, but also of people and ourselves. It's the drive to open a whole new world of experiences.

So awaken your venturesome spirit. Come alive. Be passionate, engaged, and present in every moment. Live Riveted.

AIRSTREAM

The 2017 Airstream Travel Trailer Fleet

Lightweight, nimble, and fuel-efficient, the Airstream Sport sets a new standard for ease of use. Perfect for those who want to hitch up and go, the only question is where you'll take it first.

With the most floorplan options of any Airstream travel trailer, the Flying Cloud invites you inside with the flair of modern design. Perfect for families, long-term travelers, or weekend wanderers.

Airstream's most historic nameplate offers elegance, luxury, and comfort, no matter how far your journey takes you. The Classic is perfect for long-term adventurers or full-time living.

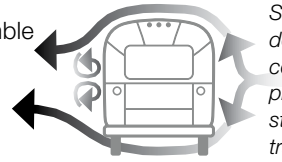
Aerodynamics and Ease of Towing

Higher Towing MPG*

The aerodynamic design of Airstream travel trailers contributes up to a 20% advantage in towing efficiency over standard travel trailers.

Lightweight. Streamlined. Fuel efficient.

One part rocket science, two parts common sense. From the beginning, Wally Byam understood the importance of making his Airstream travel trailers easy to tow. After all, Airstreamers are always ready for their next adventure. A rounded, low-profile shape, paired with strong yet lightweight aluminum, is the trademark of the iconic travel trailers that have become an American cultural legend. Today, true to form, the fuel-efficient travel trailers are nimble and stable on the road, just as they were when they first graced the open road decades ago.

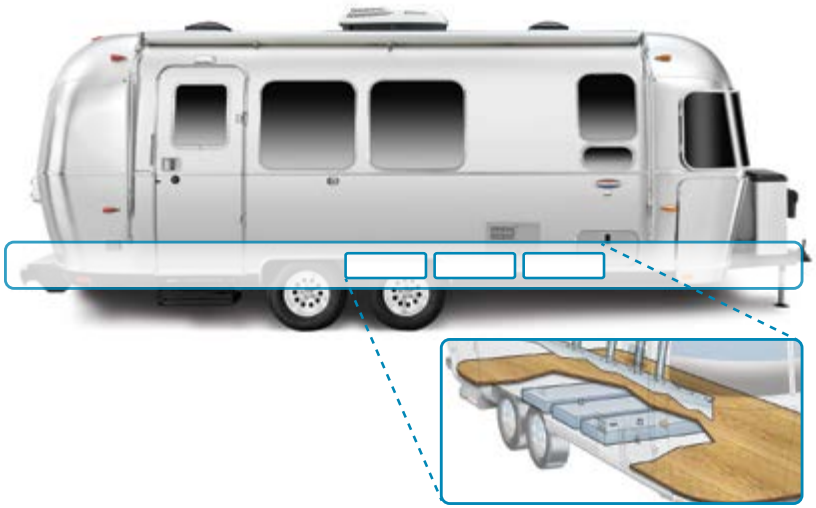


Superior crosswind deflection and lower center of gravity promote far better stability than other travel trailers.

*Actual mileage may vary due to load, driving style, driving conditions, and tow vehicle.

Low Center of Gravity

A uniquely engineered chassis, rubber torsion axle, and undermounted holding tanks keep weight below the floor of the travel trailer, providing a very low center of gravity for greater stability and a smoother ride during towing.



Smooth. Strong. Stable.

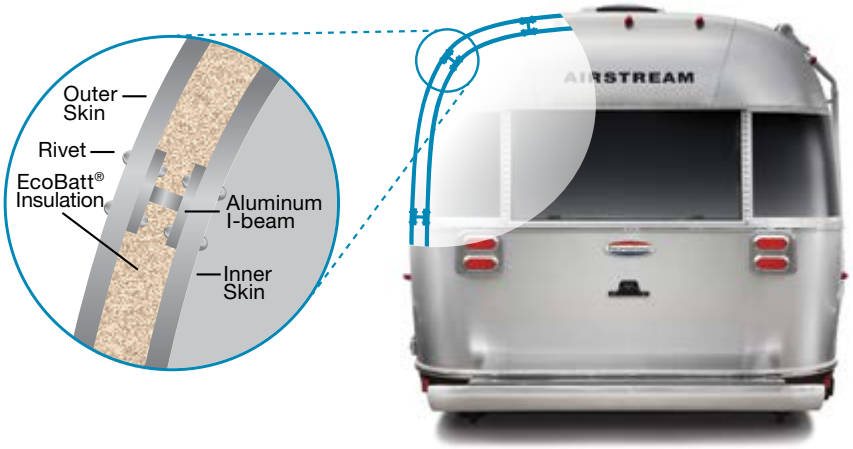
It's no surprise Airstream travel trailers are so beloved. Airstream's iconic and patented aerodynamic shape is just the beginning of the story. Its unique chassis and axle design create a low center of gravity. Confident, smooth towing is physics in action. Every Airstream is hand-built with painstaking attention to detail. In over 80 years of practice, we've put over 100,000 units on the road. Every one, a work of art. Every one, a feat of engineering.

Durability and Comfort

SILVER IS GREEN

For our full GREEN story, visit **airstream.com.**

Semi-Monocoque Construction



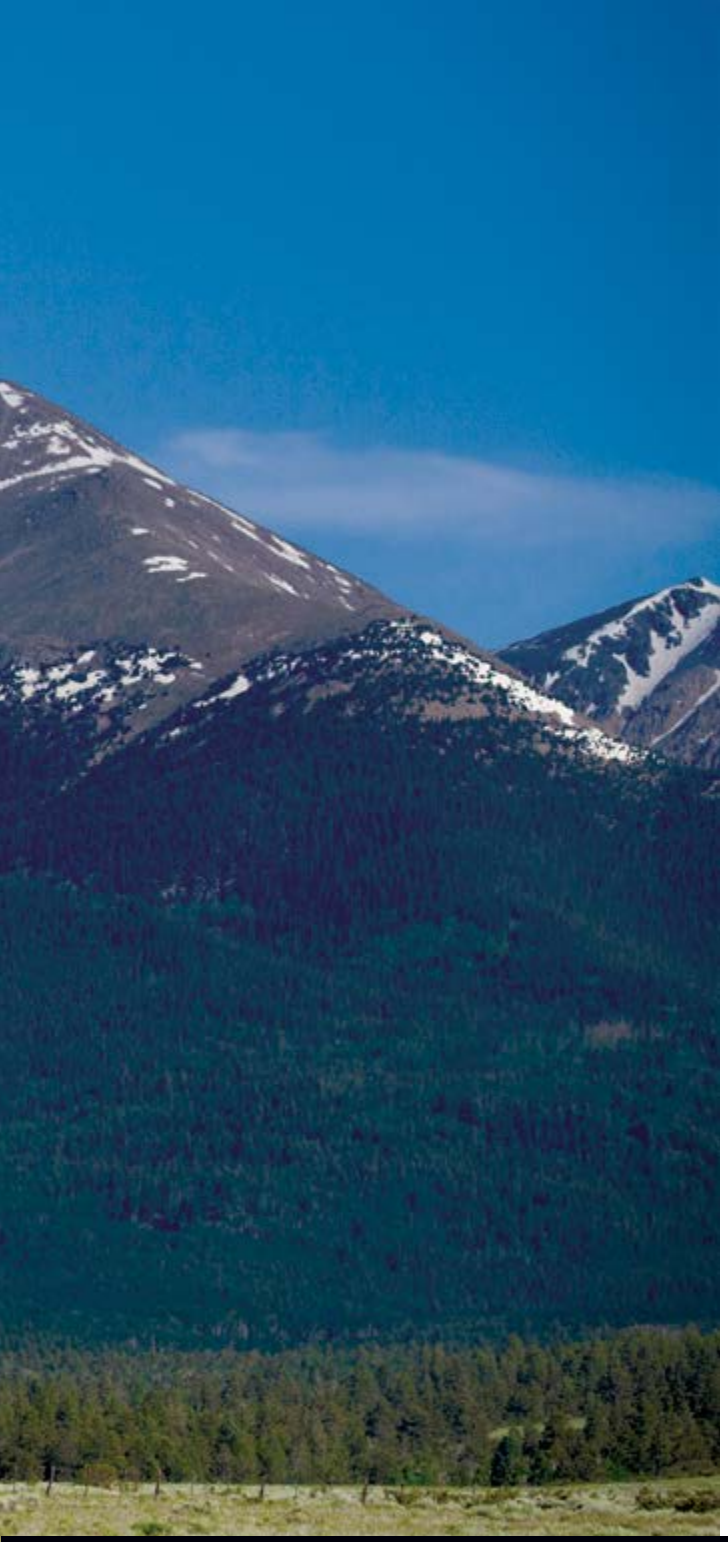
Built with integrity.

You don't get a reputation as the finest in land travel without reason: Airstream travel trailers are simply built the right way. Superior structural integrity is a result of their semi-monocoque construction, similar to that of an airplane. The result is a durable, lightweight travel trailer. The aluminum skin, riveted to a solid frame, gives the Airstream its timeless, streamlined shape, and unimpeachable strength.

Quietstream™ Climate Control

Quiet as a whisper.

Airstream isn't just the most streamlined travel trailer in the world. With ducted climate control, sleekly-integrated ceiling vents throughout the Airstream add comfort without taking anything away from the interior. Beginning with our 2017 travel trailer line, Quietstream™ now comes standard on every floorplan in every length of the Flying Cloud, International Series, and Classic. The reduction in noise is phenomenal, adding to an already exemplary road travel experience.



SPORT

The ultra-towable Airstream Sport is a premium compact travel trailer that sets you free to hitch up and go, without leaving behind the comforts of home.

Combining the single-axle efficiency of a lightweight Bambi travel trailer with more comforts than many travel trailers twice its size, the Sport maximizes space while minimizing waste. Choose your floorplan and the interior styling that suits you. Then take the Sport out and play!

Floorplans: 16 & 22

+

22FB Sport in White Cypress: Tan Ultraleather™ Décor

The ultra-towable Sport features spacious living and dining areas, perfect for adventurers who want to get up and go.

SPORT

Spacious yet fuel-efficient, the Sport is light enough to tow with an SUV, yet still packed with features that make it perfect for those who want to chase after adventure on the open road. Nimble. Functional. Efficient. The only question left: where will you take it first?

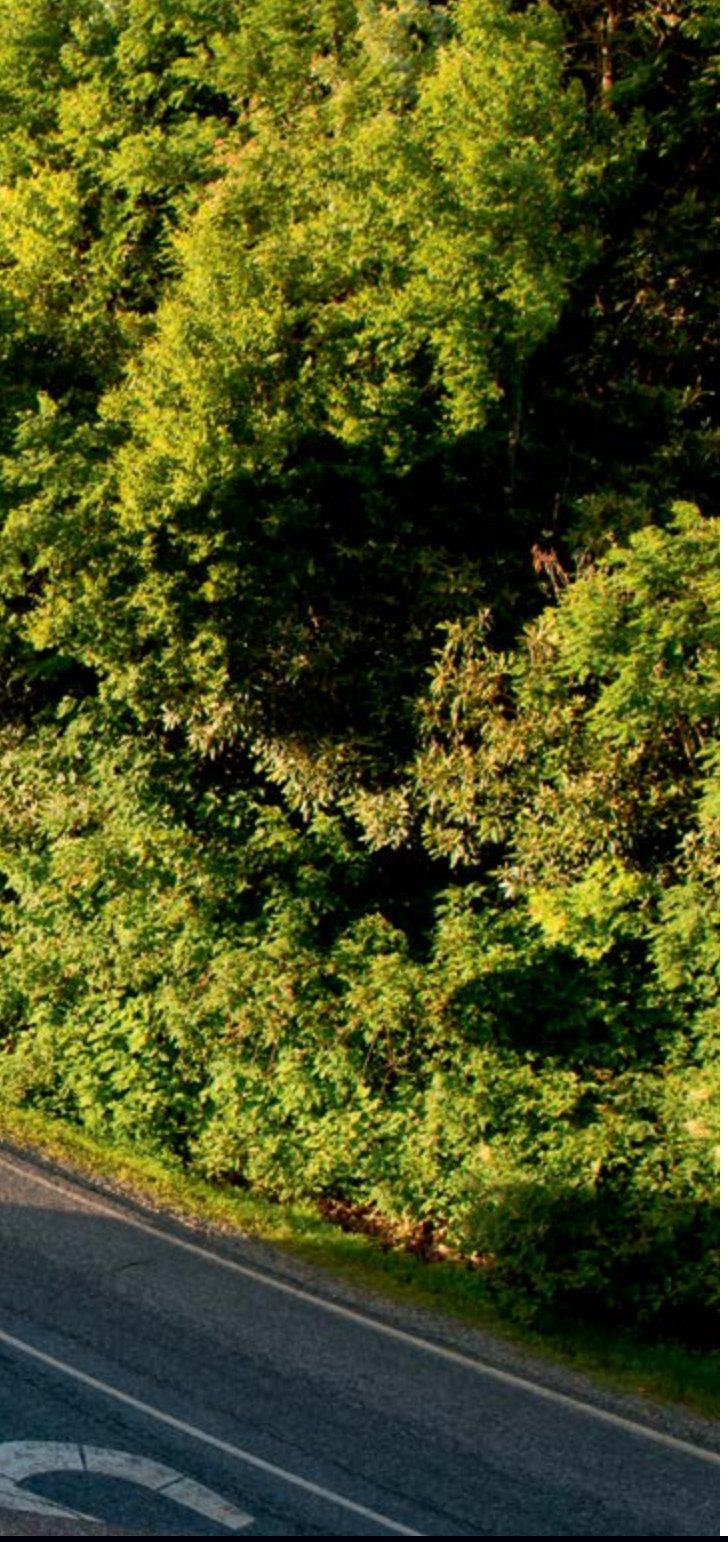
PARKWAY



FLYING CLOUD

The Flying Cloud has been one of Airstream's most popular travel trailers for decades. With more floorplans available than any other model, it's easy to see why: with a fit for families, long-term travelers, or weekend wanderers, you're sure to find a Flying Cloud that's perfect for you.

Floorplans in 2017 feature a U-shaped dinette and bunk beds. But no matter which you choose, you'll have quality and comfort that's uniquely Airstream. Choose your style, then float away to your destination.

Floorplans: 19 to 30

28 Flying Cloud Twin Back to Front in Landmark: Wild Honey Ultraleather® Dwell Décor

28 Flying Cloud lavy.

The 28 Flying Cloud is perfect for families seeking a functional, flexible living space that feels like home.

FLYING CLOUD

Practical and efficient, the Flying Cloud invites you inside with the flair of modern design. Compared to its “box-shaped” competitors, it’ll last longer, require less maintenance, offer better stability when towing, and cost less at the fuel pump.

Functional and flexible, lightweight and liberating, rugged and reliable. The Flying Cloud goes above and beyond to offer travel comfort and convenience on a higher level than you ever dreamed.

International

SERENITY

Take a calming breath, relax, and get used to the feeling. The International Serenity's harmonious design was built to calm the spirit. Every interior shape, surface, and color is designed to soothe the mind and body.

Adventure? Excitement? While you're sure to experience these things when traveling with any Airstream travel trailer, those who are looking also for a quiet sanctuary where they can rest and reflect will find what they've been looking for in the International Serenity.

Floorplans: 19 to 30

28 International Serenity in Asian Sand Espresso Ultraleather® Décor

28 International Serenity lavy.

25 International Serenity impresses with a sumptuous, calming, interior.

International

Inspired by the elegant aesthetics of Eastern design, the Serenity features materials like lemongrass and rice paper, delivering luxury and tranquility. From the moment you enter, you'll feel inner peace.

Find travel trailer tips, locate a dealer, learn more about the Airstream community, and discover much more at airstream.com.

The Airstream Glossary

Fresh Water – Onboard fresh water storage for when you're not hooked up to a campsite source.

Gray Water – All wastewater that comes from your sinks, showers, and baths.

Black Water – Basically a nicer term for sewage. It's the wastewater from your toilet system.

Deep Cycle Battery – A heavy-duty steady-current battery which powers the Airstream's electrical systems.

Hitch Weight – The downward force on the tow vehicle's hitch. Your tow vehicle hitch ratings must exceed this.

LP - Liquid propane which fuels many of the onboard appliances.

S'more – The best camping dessert ever conceived.

GVWR (Gross Vehicle Weight Rating) – Maximum weight of the travel trailer, cargo, and liquids. Your tow vehicle's tow rating should exceed the GVWR.

UBW (Unit Base Weight) – The weight of the Airstream, without cargo, water or options.

NCC (Net Carrying Capacity) – Maximum amount of weight in the form of cargo and water.

NCC = GVWR - UBW

24/7 Roadside Assistance

Airstream is proud to offer free 24/7 assistance on all new travel trailers provided by Coach-Net Membership Plans. This two-year service covers both your Airstream Travel Trailer and tow vehicle attached to your travel trailer. Not only does this service provide emergency roadside service should you have a breakdown, but Coach-Net membership plans also provide technical service for your Airstream after-hours, should you have any questions.

Please contact your local Airstream Dealer for more information.

The Airstream Warranty

At Airstream, we understand the importance of warranty coverage for each travel trailer. Airstream is committed to our company-wide program for continuous quality improvement. We are further committed to using products that conform to all established safety standards, requirements and the reasonable expectations of our customers.

This commitment is backed by our two-year limited warranty.

Limited Warranty	
Travel Trailer	Two years; limited, transferable
Structural	Two years; limited

adventure, inspired by
AIRSTREAM

Proudly made in Jackson Center, Ohio, U.S.A.

We want say a huge thank you to all of the 'Streamers and the Dreamers out there. This past year was one of incredible adventures, exploration, dreams and growth here at Airstream, and we couldn't have done it without you. You all are our community and our friends – the ones who make Airstream what it is. And for everyone, keep on *Living Riveted*. There's no better way to live.

Thank You

All capacities are approximate and dimensions are nominal. Actual products may differ from the photographs, specifications, and product information in this brochure due to product changes. Prices and specifications are subject to change without notice. Photos may contain some features that are optional. Some features or options may be different or unavailable in Canada.

This information is intended as a guide only. Weights of individual recreational vehicles may vary. Consult the owner's manual for complete loading, weighting, and towing instructions.

Dry weights are based on standard features; optional equipment is not included. The Net Carrying Capacity (NCC) is determined by subtracting Unit Base Weight (UBW) from the Gross Vehicle Weight Rating (GVWR), and is the capacity available for water, options, and cargo. Liquid capacities and weights are approximations only.

The recreational vehicle weight must remain within the manufacturer's specified chassis weight limit. Do not overload the recreational vehicle through the addition of water, options, cargo or otherwise.
